For COMPACT series (Kenworth Super Duty) Driveshafts

Compact Plus 2060 (SD300) Compact Plus 2065 (SD350)

Recent product updates have resulted in some visual changes, **but importantly all service parts (UJs, Flange yokes, Centre bearings) remain interchangeable.**

Original Compact Series:

The replacement U/J kits, Flange yokes and Center bearings are interchangeable from **Original** to the **New/Current**.

New Compact Plus Series:

NOTE: See the Driveshaft Illustrated Part List **DA0221003** for the service parts information.

For more information check www.Dana.com.au or call Dana Australia on **1300 003 262** or e-mail aus.spicer@dana.com .
